**Restricted Securities** - Restricted securities are securities that may be resold only upon registration under federal securities laws or in transactions exempt from such registration. In some cases, the issuer of restricted securities has agreed to register such securities for resale, at the issuer's expense either upon demand by the Fund or in connection with another registered offering of the securities. Many restricted securities may be resold in the secondary market in transactions exempt from registration. Such restricted securities may be determined to be liquid under criteria established by the Board. The restricted securities may be valued at the price provided by dealers in the secondary market or, if no market prices are available, the fair value as determined in good faith in accordance with the Fund's Pricing and Fair Valuation policies. Portfolio Funds generally are restricted securities that are subject to substantial holding periods and are not traded in public markets. The Fund may not be able to resell some of its investments for extended periods, which may be several years.
